Therefore, whoever humbles himself like this child is the greatest in the kingdom of heaven.

September 24, 2023

Henry Ford's concept of interchangeable parts was revolutionary and launched the ability to mass produce complex items. On a macro level, the concept is simple. Overseeing quality in a robotics company, I witness daily the micro challenge of manufacturing precision pieces to be interchangeable. Easy concept, difficult execution.

Love God with all of my being, and love my neighbor as myself. On a macro level, the concept is simple. Living in this world, I experience daily the micro challenge of putting that into practice. Easy concept, difficult execution.

However, my designer has specific intent for my ability, purpose, and function. I was not mass-produced. I am skillfully and wonderfully made. Therefore, I need to remind myself constantly to get out of my robotic-Christian mindset that I need to do what God wants. I am not the product, I am a tool. When I put myself fully under His control to use me for what He wants to do, love will be the only result from the work of the one who is Love.
