- ***Mildred Rausch** (Walt Rauch's mom) Praises! Her recent scan showed the cancer mass in the esophagus seems to be gone and there is no cancer in lymph nodes. She is eating and the food port has been removed. She still needs to gain some weight but a very positive report.
- ***Nate Moore** Prayers for Nate, a senior at Eden, who fell yesterday and fractured his neck with immediate paralyzing effects. Please pray for his family, Eden Christian school, teachers, students, who were with him during the fall, his friends, and students in the school. Praying also for this to not harden student's hearts and for healing to be given to God's glory. **Update: Nate has been intubated to ease his breathing and some lung issues that have occurred. He has been more frustrated being intubated because that was his only way of communication. The Dr's are pleased by his progress and conveyed that with therapy they thought Nate could move his fingers and maybe arms. They do not know about return of leg mobility. Please continue to pray in God's will that he be fully recovered and walking on graduation day to receive his diploma.**
